## Independent Auditor's Report

To the Trustees of  
Kay County Public Building Authority

### **Report on the Financial Statements**

We have audited the accompanying modified cash basis financial statements of Kay County Public Building Authority, as of and for the year ended June 30, 2013, and the related notes to the financial statements which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Town's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we express no such an opinion. An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above, present fairly, in all material respects, the modified cash basis financial position of the Kay County Public Building Authority as of June 30, 2013, and the changes in its modified cash basis financial position and its cash flows for the year then ended in accordance with the basis of accounting described in Note 1.

## Basis of Accounting

We draw attention to Note 1 of the financial statements that describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated February 3, 2015 on our consideration of the Kay County Public Building Authority's internal control over financial reporting and on our tests of its compliance with certain laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

February 3, 2015

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

To the Trustees of  
Kay County Public Building Authority

We have audited the financial statements of Kay County Public Building Authority as of and for the year ended June 30, 2013 and have issued our report thereon dated February 3, 2015. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements were prepared on the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Kay County Public Building Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Kay County Public Building Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Kay County Public Building Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of control deficiencies, in internal control that there is reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs to be a material weakness.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified a certain deficiency in internal control that we consider to be a material weakness.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Kay County Public Building Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement

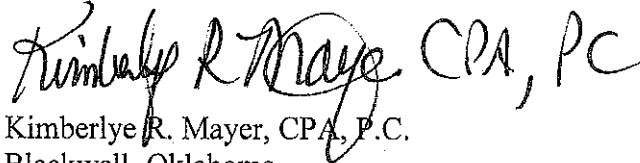

amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Response to Findings**

Kay County Public Building Authority's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Kay County Public Building Authority's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

KAY COUNTY PUBLIC BUILDING AUTHORITY  
SCHEDULE OF FINDINGS AND RESPONSES  
YEAR ENDED JUNE 30, 2013

**Material Weakness Communicated In Prior Year:**

**Material Weakness in Internal Control Over Financial Reporting:**

**Criteria:**

Accountability is an overall goal of management in the accounting of funds. To help ensure a proper accounting of funds, all bank accounts should be included in the financial statements.

**Condition:**

Three bank accounts in the Authority's name were not being accounted for by the Authority.

**Effect:**

These conditions could result in unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of funds.

**Recommendation:**

We recommend that all bank accounts in the Authority's name be included in the financial statements.

**Views of responsible officials and planned corrective actions:**

The County Clerk's office was not aware that these bank accounts existed.  
The County Clerk's office will maintain a list of all bank accounts owned by the Authority.

Net cash provided (used) by operating activities	<u>\$ 9,840</u>

KAY COUNTY PUBLIC BUILDING AUTHORITY  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2013

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

Financial Reporting Entity

The Kay County Public Building Authority, created on January 27, 1970 was originated under provisions of Title 60 of the Oklahoma Statutes, 1961, as amended, the Oklahoma Trust Act, and the laws of the State of Oklahoma. The Authority was created to furnish Kay County, Oklahoma with services and facilities, promote local industrial development, provide cultural and educational activities and facilities, and to assist in financing and constructing other facilities for the benefit of Kay County, Oklahoma. The Authority is empowered to borrow money and to pledge assets, properties and revenues as security against its borrowings. The Authority has no taxing power.

The Authority generally does not acquire any assets or incur any liability when it facilitates financing obligations for eligible entities. The Authority may earn and collect administrative fees and must be informed of the unpaid balances. The long-term debt note (Note 3) discloses the outstanding obligations which the Authority has facilitated.

Related Organizations

The Authority is a public trust and Kay County is the beneficiary. The elected Kay County Commissioners are also the Authority's trustees. Therefore, the Authority is considered to be a component unit of Kay County.

The accompanying financial statements include all functions and activities over which the Authority exercises financial accountability. The Authority is a component unit of the governmental entity of Kay County, Oklahoma. Kay County's financial information is not presented in these financial statements.

Basis of Presentation

The Authority's fund is an enterprise fund. Enterprise funds are proprietary funds used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focused on net income measurement similar to the private sector.

Measurement Focus and Basis of Accounting

Measurement focus refers to how transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded regardless of the measurement focus applied.

The Authority's financial statements use the economic resources measurement focus and the modified cash basis of accounting. Revenues are recognized when they are received and expenses are recorded when paid.

KAY COUNTY PUBLIC BUILDING AUTHORITY  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2013

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):**

Net Position

Net position is divided into three components:

- a. *Net Investment in Capital Assets* – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributed to the acquisition, construction, or improvements of those assets.
- b. *Restricted Net Position* – Consists of net assets with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. *Unrestricted Net Position* – All other assets that do not meet the definition of “restricted” or “net investment in capital assets”.

It is the Authority’s policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

**NOTE 2 – DEPOSITS, INVESTMENTS AND COLLATERAL:**

A. Oklahoma State Law, Title 62, Section 348.1 allows for investment of funds in the following:

1. Direct obligations of the United States Government to the payment of which the full faith and credit of the Government of the United States or of this state is pledged.
2. Certificates of deposit of savings and loan associations, banks, trust companies when the certificates of deposit are secured by acceptable collateral as in the deposit of other public monies.
3. Savings accounts or savings certificates of savings and loan associations, banks and trust companies, to the extent that the accounts or certificates are fully insured by the Federal Savings and Loan Insurance Corporation or the Federal Deposit Insurance Corporation.
4. Public Trusts (Authorities) and Pension Trust Funds may invest in the above noted securities in addition to marketable equity securities.

Custodial credit risk is the risk that in the event of a bank failure, the Authority’s deposits may not be returned to it. The Authority does not have a written policy for custodial risk. However, the Authority’s balances did not exceed the \$250,000 FDIC insurance level during the year.

**NOTE 3 – LONG-TERM DEBT:**

The Authority entered into a revenue note in the amount of \$1 million on June 12, 2001. The note carries an interest rate of 5.10%. The monthly payments are \$7,960 and mature on June 3, 2016. The proceeds of the note were used to finance, construct and equip a public building for

KAY COUNTY PUBLIC BUILDING AUTHORITY  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2013

**NOTE 3 – LONG-TERM DEBT** (continued):

the use of the Kay County Health Department. The Authority entered into a lease of the facilities to the County. The consideration of the lease is the payment by the County to the Authority of sums sufficient to satisfy the debt obligation incurred in issuing the revenue note. The following is a schedule of future payments:

<u>Year End</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
6/30/14	\$ 90,810	\$ 4,712	\$ 95,522
6/30/15	93,210	2,310	95,522
6/30/16	86,327	1,237	87,562
	<u>\$ 270,347</u>	<u>\$ 8,259</u>	<u>\$ 278,606</u>

*Conduit Debt*

The Kay County Public Building Authority has the following conduit debt outstanding at June 30, 2013:

	<u>Original Issue</u>	<u>Outstanding 6/30/13</u>
Lease Financing:		
Pioneer Technology Center School District No. 13 (2012)	\$ 5,500,000	\$ 5,500,000
Lease Revenue Bonds:		
Tonkawa Independent School District No. 87 (2012)	\$ 4,340,000	\$ 4,340,000

Conduit debt is debt that is considered non-commitment debt to the Authority since debt payments are made solely by Pioneer Technology Center School and Tonkawa Independent School. Payments are made directly by these schools to the trustee banks. In the event of default by the schools, the Authority has no obligation in substance to make any payments on the debt since the lease receivable and the financing agreements on the property with the schools are the only security for the debt. As a result of the non-commitment determination, the Authority's indebtedness and related receivables from the schools are not recorded in the financial statements.

**NOTE 4 – CAPITAL ASSETS :**

Capital assets include the building constructed for the use of the Kay County Health Department. The building is being depreciated on the straight-line basis over 40 years. Depreciation expense for the year ended June 30, 2013 was \$24,217.

KAY COUNTY PUBLIC BUILDING AUTHORITY  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2013

**NOTE 5 – CASH AND CASH EQUIVALENTS:**

For the purpose of the statement of cash flows, the Authority considers all cash on hand, demand deposit accounts, interest bearing checking accounts and time deposit accounts including certificates of deposit with maturities of three months or less to be cash and cash equivalents.

**NOTE 6 – ESTIMATES:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

**NOTE 7 – RISK MANAGEMENT:**

The Authority is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets, errors and omissions. The Authority manages this risk through the County's commercial insurance policies. Claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered. There were no claims during the year ended June 30, 2013.

**NOTE 8 – CONCENTRATIONS AND CONTINGENCIES:**

The Authority is not involved with any legal proceedings, which normally occur in the course of governmental operations, at this time. While legal proceedings cannot be foreseen, the Authority feels that any settlement or judgment would not have a material effect on the financial condition of the Authority.

**NOTE 9 – EVALUATION OF SUBSEQUENT EVENTS:**

The Authority has evaluated subsequent events through February 7, 2015, the date which the financial statements were available to be issued.
